## Hot Swappable Web Sites with Revize *ONLINE*<sup>sm</sup>

Our Uptime Guarantee is very simple: We guarantee your web site will have a 99.99% uptime or better during a disaster.

We create special directories on our high-speed computers (web servers) where you put the files that make up your web site. As you update your site, our backup is instantly updated. Your up-to-date web site will always be accessible, even if your own computers are down.
